Afraid

rei brown

I'm thinking about you lately
I think I'm going crazy
Our love's looking hazy
Make my thoughts go wavy

No no, no no, no no, no no
I won't let you make me down
No no, no no, no no, no
Cause I have to get me on

No no, no no, no no, no
I won't let you pull me down
No no, no no, no no, no
Cause I have to get me on

No I don't want to be afraid
No I don't want to be afraid
No I don't want to be afraid
No I don't want to be afraid

Looking for that rebound
Never how to be found, found, oh
And I'm in the dark now
You left me here to be down

No no, no no, no no, no
I won't let you make me down
No no, no no, no no, no
Cause I have to get me on

No no, no no, no no, no
I won't let you pull me down
No no, no no, no no, no
Cause I have to get me on

No I don't want to be afraid
No I don't want to be afraid
No I don't want to be afraid
No I don't want to be afraid

No I don't want to be afraid
No I don't want to be afraid
No I don't want to be afraid
No I don't want to be afraid

No I don't want to be afraid
No I don't want to be afraid
No I don't want to be afraid
No I don't want to be afraid
