Resistor

Shinjuku Mad

To go for seconds,
A cold decision.
Righteous power or only a dud?
You're not coming to me
Show me something
I don't expect you to turn water to wine

Blood makes the grass grow a little greener
Tells you more than song and dance
A vicious retort out of fear
Tell me who's gonna hold your hand through this?

Stop the wreckage!
Enough, you're wasted!
You are nothing when you're softened up.
Coming to me, show me something.
I don't expect you to turn water to wine.

Blood makes the grass grow a little greener
Tells you more than song and dance
??????????????????????????????
