

# The Reaper

## Endless Shame

Welcome to the Evil's nightmare  
See the demons dancing round  
waiting for the reaper's rising  
Looking out for Satan's crowdThe grave is open, a digger's smile  
please welcome the deadLook Behind You; He Stands Behind You  
The Reaper Shall Return  
Look Reside You; Walks beside You  
The Reaper has ReturnedTonight the Reaper's party is open  
Get entrance, get the trance  
Forget about the words of warning  
Forget about the smell of deathThe raft of death now leaves the landing  
Waters wipe out space and time  
Black man gives a skinless smile  
Cold greetings reach your mind
