

Best Won't Do

Ghostland Observatory

Contemplate, oh
Your own way
Waste time when true love is gone

Once again, oh
You need a friend
Where's mine when your love is gone?

Run away, oh
Pass the blame
When down sing a sadder song

Come again, oh, oh, oh
Waste your breath
The best, the best, the best won't do

Take my place, oh, oh, oh
Waste the space
The best, the best, the best won't do

Holiday, oh
How's your stay?
Time won't borrow patience, love

In your words, oh
Truths that hurt
Barge your way back to heaven's door

Come again, oh, oh, oh
Waste your breath
The best, the best, the best won't do

Take my place
Waste the space
The best, the best, the best won't do

Scratch the slate, oh, oh, oh
Words embrace
The best, the best, the best won't do
