If You Ever Fall In LoveÂ

Goombay Dance Band

If you ever fall in love,
hold on to what you've got.
Reaching for the stars above
don't mean just half as much.
'Cause a love is hard to find
in a world like ours.
You'll understand it if you look around.
Love's a wild and raging sea,
sweet pain and ecstasy.
Love can be an ocean blue:
calm, deep--and all that's true.
Peace of mind and harmony
follow in the sand.
Take my hand, we've only just begun.If you ever, etc.
[repetition with one variation:]
If you ever fall in love,
hold on to your dream.
You will see how happy life can be.
