

# If You Ever Fall In Love

## Goombay Dance Band

If you ever fall in love,  
hold on to what you've got.  
Reaching for the stars above  
don't mean just half as much.  
'Cause a love is hard to find  
in a world like ours.

You'll understand it if you look around.

Love's a wild and raging sea,  
sweet pain and ecstasy.

Love can be an ocean blue:  
calm, deep--and all that's true.

Peace of mind and harmony  
follow in the sand.

Take my hand, we've only just begun. If you ever, etc.

[repetition with one variation:]

If you ever fall in love,  
hold on to your dream.

You will see how happy life can be.
