Christmas Wish

Brielle Lesley

(dumdumdum.dumdumdum.)
mmmmmmm mmmmm
it took some time
for me to realize
i should chose of of a bride
but immm i was blinded by
the thought of never losin you and the little things
that i made you slip away
like the cards and the mistletoe
the presents and the trees you know
i need you to come back home
cuz i cant be alone on christmas just thank christmas(just thank)
if i cant have you right here next to me(ooohhh)
christmas(just thank christmas)
standin here without the one you love

there's so many things
that i miss now that your gone
is the the simple things that i miss so come back home
you've got presents under the tree your biggest one is me(oh)
i promise that this time i wont forget the little things like
the cards and the mistletoe (oh)
your presents and the trees you know
i need you to come back home
cuz i cant be alone on christmas just thank christmas(just thank)
if i cant have you right here next to me(ooohhh)
christmas(just thank christmas)
standin here without the one you love
dont wish me a merry christmas
dont wish me a merry christmas
dont wish me a merry christmas
just wish you come home
christmas(just thank)
if i cant have you right here next to me(ooohhh)
Christmas(just thank Christmas)
(ohhhnooo)standin here without the one you love (oohh)
