

# Run Away from Trouble

## Frankmusik

And we try  
But we're no  
As the sun rised  
We faked all  
As I walk away from trouble  
I saw her soul decline  
As I walked away and stumbled  
You see me fall behind  
You  
Fall behind  
Now I have  
Nothing oooo  
Cos I walked away from trouble  
In a state of mind Then I walked away and tumbled  
Thinking this was fine (x3)  
And we try (x3)  
We have fate to lure
