

If I Didn't Have You

Various Artists

I'd be rockin' with the dinos
Swingin' with the rhinos
I'd redragonize this cave in a minute
Cornwall! they would sing
'Cause I would be the Dragon King
I would love this world without you in it
If I didn't have you
(If you didn't have me?)
If I didn't have you
(Well how about if I didn't have you, eh?)
Oh, what I could be if there was only me
Oh, what I'd do if I didn't have you
(Stop bickering and get your act together!)
(Act? Did someone say act? /I/ can act!)
If only I had seperate parts
My career would be the arts
I'd be the star of Camelot!
You'd be the half the whole world forgot
If I didn't have you
(I should be so lucky!)
If I didn't have you!
(Oh wait, you'd be dead)
Oh, what I could be if there was only me
Oh what I'd do if I didn't have you
(Stuck with you for five hundred years)
(Oh, dear, it's learned to count)
()
(Now look, I didn't come here to be insulted)
(Oh? So where do you usually go?)
I'd be a fire-breathing lizard
I'd be one high-flying wizard!
You'd be nothing without me
You'd be extinct, you'd cease to be
I'm so tired of your nagging
And I'm so tired of your bragging
Hey, without me, you'd have no brain
With which to think!
I'd be rockin' with the dinos
Swingin' with the rhinos

(If only I had seperate parts)
I'd redragonize this cave in a minute

Oh what I'd do if I didn't have you
(If I didn't have you)
(If I didn't have you)
(Yeah, yeah, yeah...)
(This way, let me lead!)
(Yeah, yeah, yeah...)
(No, this way, twinkle toes!)
Life could be so sweet
If these were both /my/ feet!
What I'd do if I didn't have you
Oh what I'd do if I didn't have you
(I got you, babe!)
Oh what I'd do if I didn't have you
Oh if I didn't
If I didn't
Have you...!
