

# Devil in Jersey City

## Coheed and Cambria

New jersey bounds, When sound asleep  
They'll find You at your most vulnerable  
Poll position, Speak up let out  
When down the street the corner boys fuck shit upScream loud scream sayonara  
Sweet Josephine will you follow me home?  
Scream loud scream sayonara  
Sweet Josephine will you fuck me back home?Let's fire it up, haha now  
Don't let them scare you...  
When you're down on the floor bleeding bastard  
You'll be getting home real soon and I'll pray For you high healthDon't let them scare you when you're down  
on the Floor bleeding bastard  
You'll be getting home real soonSpeak up let out caught in the crossfire  
Compared to the step to the bone that might breakIt's too late to find a better way out of this  
With the finest regards that I lost in the cracks of this streetScream loud scream sayonara  
Sweet Josephine will you follow me home?  
Scream loud scream sayonara  
Sweet Josephine will you fuck me back home?  
Don't let them scare you  
Take me home when you run they'll follow you.
