

Marathon

August Burns Red

Certain age
Move aside
Where are your questions?
Running, running in circles Get out of the way
I'm not your window
Fall off
Deceased Don't be afraid
Tell me all
I'm searching for what is wrong
What we see
Is what we desire
Can't you see I need a savior? What we see
Is what we desire
Can't you see I need a savior?
I need a place of mine We got our lives between
It's right or wrong
But we lost I will climb this mountain
To fight you
I will climb this mountain
To fight you
If I'm running
You'll run too
