

# Not What I Wanted To Hear

**Terri Clark**

For two weeks I ain't heard the phone ring  
Just a warning bell  
My friends tell me they know things  
I should know as well  
I can't deny it, I've been told  
A voice inside says let you go  
But that's not what I wanted to hear  
Not what I wanted my heart to say to me  
That you'd be long gone before too long  
And that's not what I wanted to see  
'Cause nobody wants to believe, it could be so wrong  
But one thing is clear it's what I needed to know  
But oh, it's not what I wanted to hear  
Sometimes my intuition  
Can get carried away  
But right now I'd better listen  
To what it has to say  
'Cause when I tried to believe you're mine  
I just got silence every time  
And that's not what I wanted to hear  
Not what I wanted my heart to say to me  
That you'd be long gone before too long  
And that's not what I wanted to see  
'Cause nobody wants to believe it could be so wrong  
But one thing is clear it's what I needed to know  
But oh, it's not what I wanted to hear  
That's not what I wanted to hear  
Not what I wanted my heart to say to me  
That you'd be long gone before too long  
And that's not what I wanted to see  
'Cause nobody wants to believe it could be so wrong  
But one thing is clear it's what I needed to know  
But oh, it's not what I wanted to hear  
Oh, it's not what I wanted to hear
