

I Believe

DJ Bobo

I believe in visions

I believe in love

I believe in magic, but this is not enough

I believe in freedom

I believe in dreams

I believe in heroes, but this is not enough I believe in faith, in knowledge I can learn

I believe all what you give, you get returned And I'm afraid we place our life in other peoples hands

I realized on earth we're all the same, we need a chance I believe in life there's more than wrong or right

I believe in colours there's no black or white And you don't know what you have got until you say goodbye

But in my dreams one day I spread my wings and I will fly I believe my dream can be reality

I believe my time on earth is destiny Oh i, I believe

Now - we are strong enough

Oh i, I believe

We - are - strong enough
