## My Chemical Romance

For what you did to me  
And what I'll do to you  
You get, what everyone else gets  
You get a lifetimeLet's go  
Do you remember that day when we met  
You told me this gets harder, well, it did  
Been holding on forever  
Promise me that when I'm gone  
You'll kill my enemiesThe damage you've inflicted temporary wounds  
I'm coming back from the dead  
And I'll take you home with me  
I'm taking back the life you stoleWe never got that far  
This helps me to think all through the night  
Bright lights that, won't kill me now or tell me how  
Just you and I, your starless eyes remainHip hip hooray for me, you talk to me  
But would you kill me in my sleep  
Lay still like the dead  
From the razor to the rosary  
We could lose ourselves  
And paint these walls in pitchfork redI will avenge my ghost with every breath I take  
I'm coming back from the dead  
And I'll take you home with me  
I'm taking back the life you stoleThis hole that you put me in  
Wasn't deep enough  
And I'm climbing out right now  
You're running out of places to hide from meWhen you go  
Just know that I will remember you  
If living was the hardest part  
We'll then one day be togetherAnd in the end we'll fall apart  
Just as the leaves changing colors  
And then I will be with you  
I will be there one last time nowWhen you go  
Just know that I will remember you  
I lost my fear of falling  
I will be with you, I will be with you
