

All Day Long I Dream About Sex

Jc Chasez

So you wanna be a rock star keep it going, don't stop
Work it while you're on top, call the cops
Roller coaster riding, baby up and down
I love to watch you do it
I just want to get close to you find out what it takes to move you
Feel the rhythm, hit the spot, getting hot all night long
All day long I dream about sex and all night long I think about sex
And all the time I think about sex with you, with you
All day long I dream about sex and all night long I think about sex
And all the time I think about sex with you, with you
Keep in mind, I'm a love machine
Get it twenty four seven, call me any time you need
Some extra attention, did I forget to mention?
School's back in session, get ready for a lesson
I just want to feel alive and do what it takes to satisfy you
Hour after hour baby all night long with you
All day long I dream about sex and all night long I think about sex
And all the time I think about sex with you, with you
All day long I dream about sex and all night long I think about sex
And all the time I think about sex with you, with you
All day long I dream about sex and all night long I think about sex
And all the time I think about sex with you, with you
All day long I dream about sex and all night long I think about sex
And all the time I think about sex with you, with you
All day long I dream about sex and all night long I think about sex
And all the time I think about sex with you, with you
