

# Life Is A Show

Cassie Steele

When I hit rock bottom,  
And then keep going down,  
And I'm talking to the mirror,  
With no one else around.  
When impossible to maybe,  
Is as far as I can see,  
I keep hanging in,  
'Til the world believes in me.  
All this drama drags me down,  
And drives me insane,  
But nothings gonna keep me out of the game.  
Life is a show,  
Skydiving, about to let go.  
Walking the wire with nothing below,  
Don't you know, don't you know.  
Yes, life is a show,  
In every shade of the rainbow.  
We're jumping through fire,  
Let's go!  
Life is a show.  
I know you gotta dig deep,  
And prove it everyday,  
Some people leave you feeling,  
Used up and tossed away.  
I tried and came up empty,  
When I gave it everything,  
But I never lost the reason why I sing.  
Everything that knocks me down,  
Is making me strong,  
But standing on this stage is were I belong. Oh.  
Life is a show,  
Skydiving, about to let go.  
Walking the wire with nothing below,  
Don't you know, don't you know.  
Yes, life is a show,  
  
In every shade of the rainbow.  
We're jumping through fire,  
Let's go life is a show.

Once you step in the light there's no turning back.  
Once your living the life what more can you ask?  
Keeping this feeling is all that you want.  
Singing you heart out and giving it all that you got.

Life is a show,  
Skydiving, about to let go.  
You're walking the wire with nothing below,  
Don't you know, don't you know.  
Yeah life is a show,  
In every shade of the rainbow.  
We're jumping through fire,  
Let's go!

Life is a show.  
Skydiving, about to let go.  
Walking the wire with nothing below,  
Don't you know, don't you know.  
Yes, life is a show,  
In every shade of this rainbow.  
We're jumping through fire,  
Let's go!

Life is a show.  
Life is a show.  
Yes, life is a show.  
Life is a show.  
Life is a show.  
Life is a, life is a, life,  
My life is a show.  
Yeah, life is a show.  
Your life is a show.  
Your life is a-Life is a show.  
Life is a show.  
You're jumping through fire,  
My life is a show,  
Life is a show.
