What Is It With You

Luke Bryan

(Verse 1)
Girl there ain't no way you don't know
How pretty you are
Every mirror in this two lane town knows
The trouble you cause
I'd give anything to take that beer back
I sent your way
I shoulda just took a shot of all whiskey
And called it a day(Chorus)
Girl you make me wanna love
You make me wanna hate
Is it the thrill of the chase
Or just something you do
What is it with youAre we in, are we out
Why you running me around
Why you having such a damn hard time
Girl with the truth
What is it with you(Verse 2)
I spent half the day all hungover
The morning after your kiss
I knew the second that you showed up baby
It'd be another week of this
I keep praying that you mighta left something
Something when you got undressed
Something that you wanna come back for
Whatever you can do to get me back in your mess(Chorus)
Girl you make me wanna love
You make me wanna hate
Is it the thrill of the chase
Or just something you do
What is it with youAre we in, are we out
Why you running me around
Why you having such a damn hard time
Girl with the truth
What is it with youOhhh I ain't me, I ain't right
But I'll admit I kinda like all of my heaven and hell
That you put me through
What is it with you
Girl you make me wanna love

You make me wanna hate
Is it the thrill of the chase
Or just something you do
What is it with youWhat is it with you
Ooooooohhhhh, what is it with you
