

# Let's Go (Feat. Cam'Ron)

## Juelz Santana

[Marvin Gaye]

I've been really tryin' baby  
Tryin' to hold back these feelings for so long  
And if you feel like I feel baby

Come on

Ohhh come on

Woo

Let's get on[Little Kid's Voice]

Let's get it on nigga[Cam'Ron]

Ah man

Lets get it on man

Santana you on your own man

Lets do it man

Dipset

We got these bastards

Man let's do it[Juelz Santana]

Uh, you nigga's dealin' with a G from the block

Yeah it's me from the block

Quick to tell a nigga' (Let's get it on)

But I don't really like to beef on the block

That bring heat to the block

I got ta' eat on the block nigga' (Let's get it on)

Yeah you dealin' with a pimp from the hood

Keep a chick from the hood

Quick to tell her aye (Let's get it on)

Come on

Let's go

I'm tryin' to do it so aye (Let's get it on)

I'm one hell of a guy

Fly fella' can fly

Like Scarface one hell of a high (Let's get it on)

One hell of a ride

That I ride, 23's look like the pellas' [propellers] on side (Let's get it on)

Who stuntin' like me?

Who frontin' like me?

Who did it, who get it, who done it like me?

You? (Let's get it on)

Who wishin', who frontin', who want it from me?

You? Come get it, you want it, it's nothing to me

You? (Let's get it on)  
Yup, already know how I feel  
When it comes to pumpin' that steel  
It's like (Let's get it on)  
You know with these ride boys toke time up with the cowboy ropes  
So (Let's get it on)  
Uh, let's get it on y'all  
Uh, it's love (Let's get it on)  
Hey ma, back that ass up  
Lookin' back almost crashed up  
So (Let's get it on)  
That's love right there  
Hit em' one more time  
[Let's get it on, on, on] ? Fades till end
