

# Little By Little

## Groove Armada

Give it out, give it out, give it out  
Give it out, give it away, give it away  
Give it out, give it out, give it away  
Today, today, today, today, today  
Today, today, today, today  
Yeah yeah yeah Perhaps we're on own way  
Perhaps we've gone too far  
Perhaps we should slow down  
Be where we really are, really are, yeah Today, today  
If you believe that there is no other way  
Trying living, today today  
Little by little in your own way Today  
Little by little  
Trying living today, today  
Little by little We're in today today  
If you believe that there is no other way  
Trying living today, today, little by little  
You're on your own way Perhaps we're on own way  
Perhaps we've gone too far  
Perhaps we should slow down  
Be where we really are  
Where we really are  
Where we really are Today, today  
Trying living today, today  
Today  
Little by little  
Trying living today today  
Little by little Be where we really are  
Little by little  
Today, today  
Be where we really are
