Frustrated

Element Eighty

You don't hear what I am saying when I speak to you
I feel like I am talkin to myself
I never ever meant to hurt you
But after all I've been through,
The least you could do is leave me alone
Leave me aloneI wish that you would turn away
Cause I feel like I might explode
I just want to see you go
You are so insecure
I know what I standing here for
You will never see the endBut why am I so frustrated
And why can't I just see it
And why am I so frustrated
And why can't I just see itI don't wanna be here now
I don't wanna be here now
I don't wanna be here
