Skankin ' In Love

Corumn 80's

I have somethings, that i want to tell to you,
I always awake at night, and thinking about you,
So... tell me, what you are the one, the only one for me,
And for that... i just want to know,
That this was meant to be....

[Chorus]
Oh... i don't wanna leave you, Oh... i don't wanna miss you, Oh... just wanna kiss you,
Oh... i'm falling in love with you...

I know that you willnever, feel the same way for me,
You said, "that you're not the one",
the only one for me,
No matter what you're thinking abouth me,
I don't care that,.....
because I'm falling in love with you.....

"Time after time, I still try to understand"
"Oh darling my sweetheart,... please give me one more change"
"And I'm pray... that you will accept me... for you"
"And whatever happens... I'm still falling in love with you"
