Rain Delay

Tanlines

Used to ... things that are close to me
You talking out of ...
What happened to the old you?
Who is this is person next to meWith all the secrets I can't weaken your defense
I hear your voice...
It's just a dream, it's just a dream
Hard to believe, it's just a dreamYou saw me standing next to him
You ask me if I've knew your friend
Like ... when I said
You take this in my hand
Things ... in, all the ... in your hand
...about, ... it's just a dream, it's just a dream
Hard to believe, it's just a dreamI watch from the back of the room
Who were those people in the scene?
What happened to the way we were?
I know how we used to be
It's just a dream, it's just a dream
Hard to believe, it's just a dream
It's just a dream, it's just a dream
Hard to believe, it's just a dream.
