Caught in the Sun

retrograde

You're my distanced destination of choice
I'd give anything just to hear your voice
I couldn't pass you on the street, without saying a word
Most times I missed the voice, that goes unheard
What if I missed you
You got caught in the sun
What if I did something
Never to be enough
People everywhere how could I be sure
Is it you that I have been looking for?
What would it take for me to be comfortable
With you, with me you're the chosen one
What if I missed you

You got caught in the sun
What if I did something
Never to be enough
You are there for me this I hope and pray
You will wait for me, I wont be to late
What if I missed you
You got caught in the sun
What if I did something
Never to be enough
Will you wait for me?
Or will I be to late this time?
You are there for me this I hope and pray
