Always There for You

Stryper

Love can be so cold
And loneliness gets old
More than words or broken promises (promises)
I want to show you what true love isI'm always there for you
I'll always stand by you
When the world has closed the door
And you can't go on anymore
I'm always there for youYou've been hurt before
And you don't want anymore
There's a better way for you (waiting for you)
Believe in me, I'll see you throughI'm always there for you, always
I'll always stand by you, by you
When the world has closed the door
And you can't go on anymore
I'm always there for youGuitar plays...I'm always there for you, always
I'll always stand by you, always by you
when the world has closed the door
and you can't go on anymore
I'm always there for you, always by you
I'm always there for you, by you
I'm always there for you, always
I'm always there for you, always by you
I'm always there for you, always
I'm always there for you
