

# All or Nothing

## xDISCIPLEx A.D.

I'm not asking no more i'm begging i'm not condemning i'm understanding coming to the point of realization I follow my heart this is my life and I will fight for what I believe I will not lay down and die I won't sell out and buy what this world is trying to sell to me all or nothing i've got to fight back i've come to the point where it's do or die I know it's not a lie i've crossed the line it's all or nothing i'm not asking i'm begging i'm not reaching i'm taking all or nothing.
