

# Sweet Poison

## Evison Matafale

Do you get bored  
When you hear this again  
On the papers on the radio  
H.I.V and AIDS  
Do you hate me?  
Coz I'm talking about it  
Feeling that I am rather talking rubbish  
But this message is re-winded  
Just to keep you and me reminded

(The poison so sweet  
That's what's killing men in town)  
x2

I still praise him  
In the middle of the city  
Exchanging monies  
With the deadly funnies  
Be careful in the world of mixing  
Coz over excitement  
Might lead you astray  
A dog will wag its tail when its happy  
Yet a cat will do the same and it wants to kill  
For you to choose it wont be easy  
Coz all wanna come to you in the same way

(The poison so sweet  
That's what is killing many in town)x4

I still praise him  
In the middle of the city  
Exchanging monies  
With the deadly funnies  
Be careful in the world of mixing  
Coz over excitement  
Might lead you astray  
A dog will wag its tail when its happy  
Yet a cat will do the same and it wants to kill  
For you to choose it wont be easy babe  
Coz all wanna come to you in the same way
