

Believe in Me

Duff McKagan

When I was a young boy
Said some man parted some sea
They said believe in us
Why should they lie to meNow I'm not a young boy
What I believe is what I believe
But I still get fooled sometimes
It's so goddamned easyNow that I'm a grown man
Be the best that I can be
Been down every rocky road
And I'm bloodied at my kneesBut I treat you like a princess
Never ask to be the king
Just believe in me
Believe in meBelieve in me
Yeah yeah
Where does it leave me
When you don't believe in meWhere does it leave me
When you don't believe in me
I'd climb any mountain
Yeah I'd cross any seaI might break down and cry
But I'd drop down my bottle of rye
If you'd just believe in me
Believe in meBelieve in me
Where does it leave me
When you don't believe in me
Where does it leave meWhen you don't believe in me
But I'm still my own man
Yeah I'm still my own man
And I do what I canAnd while you're treating me raw
I still make my own law
I still make my own law
Come onBelieve in me
Believe in me
Yeah, me
Believe in meYeah
Come on
Believe in me
Can't you see just believe in meCome on
Believe in me
Yeah yeah

Believe in me
