

# I Don't Want To See You Like This

## The Joy Formidable

A bridge splits November's sky  
I'm in two halves inside  
This is the past right here  
I choose to leave it hereThe cliffs loom to scrape you thin  
The bowl churns to over spill  
But I can see us here  
Without this fearI want to find those books  
Search your face, torment us  
You're just a shower to someone dry  
A shower to the wilted and the dried'Cause we all leave courage's side  
But I'll always be courage's child  
The past I'll clear  
I choose to leave it hereYou say have your time again  
But you can't and the warning starts now  
What's in the frame?  
It makes you sad but you can't fill the gapsWe're four rings on a chain  
So don't make them rust  
I'll be your maps, I'll be your eyes  
I'll give the ending a nudgeAnd I don't want to see you like this  
I don't want to see you like this  
And I don't want to see you like this  
I don't want to see you like thisAlive now in the middle not looking from outside  
Wishing that it was a screen fight  
Settled with all of a hero's flair  
Put aside, find a new characterI don't want to, don't want to  
Don't want to see you like this  
And I don't want to see you like this  
I don't want to see you like thisA bridge splits November's sky  
I'm in two halves inside  
This is the past right here  
I choose to leave it here
