

# Welcome To My Love

## Davy Jones

(Do do do, do do do, do do do, do)  
(Do do do, do do do, do do do, do)Welcome to my love, darling  
Welcome to my life  
Welcome to these sunny days and tender loving nights  
Welcome to a world, baby, shining high above  
Welcome to this heart of mine  
Babe, welcome to my loveDo do do, do do do, do do do, do  
Do do do, do do do, do do do, doYou look so cloudy, girl, beneath your silver haze  
I'd like to melt away your lonely yesterdays  
Within this heart of mine, the door is open wide  
So come on, girl, a brighter world is just a step insideWelcome to my love, darling  
Welcome to my life  
Welcome to these sunny days and tender loving nights  
Welcome to a world, baby, shining high above  
Welcome to this heart of mine  
Babe, welcome to my loveDo do do, do do do, do do do, do  
Do do do, do do do, do do do, doThe future's glowing warm, with love to light our way  
I'll paint you sunny smiles and rainbows all the way  
Come on now, little one, our world is gonna shine  
Kick off your shoes, forget your blues, and let your dreams unwindWelcome to my love, darling  
Welcome to my life  
Welcome to these sunny days and tender loving nights  
Welcome to a world, baby, shining high above  
Welcome to this heart of mine  
Babe, welcome to my loveDo do do, do do do, do do do, do  
Do do do, do do do, do do do, do  
Do do do, do do do, do do do, do  
Do do do, do do do, do do do, do  
Do do do, do do do, do do do, do
