

Romeoland

Lil' Romeo

Romeo romeo romeo romeo
Welcome to romeoland
Well is it true
Well is what true
That romeo is really back
Where did you hear that nonsense
Well fantasia told me on this exact day that romeo will return and rule this land once again
People are crazy to listen to little faries that is the biggest lie since santa clause
Mommy just listen i think she's serious
Fantasia said that romeo said that he would return before he left us
She said he had a speech and in the speech he said when the trees leaves are no longer green and
The light blue skies are changing to dark blue he will return from the sky lands
And and
Joyce what are you staring at
Its really happening
Whats happening
Its true
He's back
