

# Right On Track

## Breakfast Club

Gonna make a move that knocks you over  
Watch this turn, one's gonna put you away  
    But I'm doing my very best dancing  
Every time you're looking the other wayI could move out to the left for a while  
    I could slide to the right for a while  
    I could get up and back right on track  
But is right on track, is that gonna get you back?I've been trying to get your attention  
    And I'm very, very close to thinking of a way  
    I could be big and tough and other funny stuff  
But you just keep looking the other wayI could move out to the left for a while  
    I could slide to the right for a while  
    I could get up and back right on track  
But is right on track, is that gonna get you back?How far away can you go  
    And still be dancing with me?  
    Would you mind staying in the vicinity?  
    I've not been faring badly  
But I would gladly take you backThere must be some kind of bad connection  
    'Cause this music does not sound the way it did  
    I got to get up and back 'cause I've been off track  
        And that may be just why you disappeared  
But now I've got you in the corner of my eyeAnd I've got one more move, I can try  
    And I've got one more move, I can try
