

# The Day That Never Comes (live in Denver)

## Metallica

Born to push you around  
Better just stay down  
You pull away, he hits the flesh  
You hit the groundMouths so full of lies  
Tend to black your eyes  
Just keep them closed  
Keep praying, just keep waitingWaiting for the one  
The day that never comes  
When you stand up and feel the warmth  
But the sunshine never comes, no  
No, the sunshine never comesPush you cross that line  
Just stay down this time  
Hiding yourself, crawling yourself  
You'll have your timeGod, I'll make them pay  
Take it back one day  
I'll end this day  
I'll splatter color on this grayWaiting for the one  
The day that never comes  
When you stand up and feel the warmth  
But the sunshine never comesLove is a four letter word  
And never spoken here  
Love is a four letter word  
Here in this prisonI suffer this no longer  
I'll put it into this I swear  
This I swear the sun will shine  
This I swear, this I swear  
This I swear!
