I Won't Believe In You

No Fun At All

I am tired of your lies
Behind your false disguise
And I will never pay the priceOne thing, I know it's true
I'll always fighting you
Nothing else I rather doI won't believe in you
I won't believe in you
No matter what you say
I won't believe in youOh, I won't believe in you
No matter what you say
I'll never go your way
