Park Slopey

I Am Arrows

All this I've been saving
For what I can't decide
I'm here and I'm still waiting
This love's for no one else
This year I've been stealing from my brother
This year I'm alone
This year I've been stealing from my brother
But I'll make this alone
On this I'm undecided
It's a tale I'm scared to tell
I'm here and I'm still stupid
With a love for no one else
This year I've been stealing from my brother
This year I'm alone
This year I've been stealing from my brother
But I'll make this alone
Don't worry, I know I lean on you
Don't worry, I know I need to leave
Don't worry, I know I lean on you
Don't worry, I know I need to leave
