## I Am Arrows

All this I've been saving  
For what I can't decide  
I'm here and I'm still waiting  
This love's for no one else  
This year I've been stealing from my brother  
This year I'm alone  
This year I've been stealing from my brother  
But I'll make this alone  
On this I'm undecided  
It's a tale I'm scared to tell  
I'm here and I'm still stupid  
With a love for no one else  
This year I've been stealing from my brother  
This year I'm alone  
This year I've been stealing from my brother  
But I'll make this alone  
Don't worry, I know I lean on you  
Don't worry, I know I need to leave  
Don't worry, I know I lean on you  
Don't worry, I know I need to leave
