

It's You

The Knack

believe me
when i say it's you it's you
squeeze me uh oh oh
when i say it's you it's you
kiss me ah
when i say it's you it'si don't mind if you're lying to your boyfriend
(just a little lower) no i don't (just a little slower)
i can keep a secret only you and i will ever know
ohi don't care if he's there on the weekend
(just a little harder) no i don't (just a little farther)
i can take you places that you never thought you'd ever go
ohi don't wanna own ya
don't wanna use ya
if you let me phone ya
you'll know how to please me
baby if you only
