

# How Low Will You Go

## Dayglo Abortions

Would you push your mother in front of a train  
Just to get some cocaine in your veins  
Or would you suck your dope dealers cock  
If he'd let you smoke another rock  
No one takes it up the ass for grass  
No one turns queer for a beer  
But that's the funny thing about llello  
It'll turn you into a pole smoking homo  
Bank has foreclosed on your loans  
'cause your all fucked up on the doans  
You kiss your wife and kids goodbye  
And spend the rest of your life getting high  
How low will you go for another line of blow?
