# Any Dance'll Do

## Rascals

Come on, Eddie, get right out here
And show us that new dance that you doSomebody calls your name (yeah)
There's music playing, you're feeling strange
Somebody takes your hand
When you start moving you'll understand
You've got toTell me what's the dance to do
Any dance you choose
Tell me what's the dance to do
Most any one'll do
Tell me what's the dance to do
By the way you move
You probably can dance all night
All right
Someone comes up with one
It's got you thinking it can't be done
You might as well take a chance
The worst can happen, you'll have a new dance
So tryTell me what's that dance you do
It ain't no special thing
Tell me what's that dance you do
Go ahead and do your thing
Tell me what's that dance you do
Once you get started
You can probably go on all nightNo, oh, roe, noIt doesn't matter
You dance how you want to
You feel what you want to
You're free as you want to be
Eddie, do that dance you do
You really, really want me to?
Will you do that dance you do?
You know I will for you
Eddie, do that dance you do
You just give me lots of room
I'll probably go on all night
I want to go on all night
I've got to go on
You really want me to dance?
Sure do, come onEddie, do that dance you do
I really, really love to dance

Tell me what's that dance you do
You just let me have a chance
Eddie, do that dance you do
Just give me a little bit of room, now
Tell me what's that dance you do (get the feeling)
Yes, I will for you
Eddie, do that dance you do (come on, Eddie, do that dance)
