

Special Secret Song Inside

Red Hot Chili Peppers

Well, my young lady, she lives
Three houses away
She claims that she can hear moaning and screaming
To me fuckin' you every night well, let me say, "Hey" I want to party on your pussy, baby
Well, I want to party on, party on your pussy
I want to party on your pussy, baby
Well, I want to party on your pussy, yeah, yeah, yeah Struck by lust in a telephone booth
Busted by a cop, he said, "That's uncool"
He said that he hears moaning and screaming
To me fuckin' you every night well, let me say, "Hey" I want to party on your pussy, baby
Well, I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah I want to party on your pussy, baby
I want to party on your pussy
I want to party on your pussy, baby
I want to party on your pussy I want to party on your pussy, baby
Well, I want to party on your pussy
I want to party on your little pussy, baby
I want to party on your pussy, yeah I want to party on your, on your pussy
I want to party on your pussy Let me shine your diamond
The girl got a scratch
Slap that cat have mercy I want to party on your pussy, baby
I want to party on, party on your pussy
Well, I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah
