Orestes

Adam Monroe

Metaphor for a missing moment
Pull me into your perfect circleOne womb
One shame
One resolveLiberate this will
To release us allGotta cut away, clear away
Slip away and sever this
Umbilical residue that's
Keeping me from killing youAnd from pulling you down with me in here
I can almost hear you screamOne more medicated peaceful moment
Give me
One more medicated peaceful momentAnd I don't wanna feel this overwhelming
Hostility
I don't wanna feel this overwhelming
HostilityWe gotta cut away, clear away
Slip away and sever this
Umbilical residueGotta cut away, clear away
Slip away and sever this
Umbilical residue that's
Keeping me from killing youSlip away and sever this
Keeping me from killing you
