

# Breadline (Jack Joseph Puig mix)

## Megadeth

Ain't got no job  
Ain't got no smoke  
Ain't got a car  
His life's a jokeLiving on the skids  
Thinks the world's just fine  
Forgot what he did  
Dancing on the breadlineNo one there to bind him  
Nothing to remind him  
Nowhere left to find himAbout to lose his lifeline  
He's dancing on the breadline  
Forgot who he is  
Forgot who he was  
Used to call the shots  
Now he can't connect the dotsA mover and shaker  
Getting closer to his maker  
Lower than a hemline  
Dancing on the breadlineNo one there to bind him  
Nothing to remind him  
Nowhere left to find himAbout to lose his lifeline  
He's looking for a headline  
Sniffing up the white lines  
He's dancing on the breadlineWatch him dance  
About to lose his lifeline  
He's looking for a headline  
Sniffing up the white lines  
He's dancing on the breadline  
About to lose his lifeline  
He's dancing on the breadlineNo one, nothing, nowhere  
Dancing on the breadlineHe forgot and he ain't got nothing
