Half a slab and I got that bird

What you gon' do you if you get you a bird? I'm a rebuild these projects
get my kids and put em' through college
even though they got me trnya' kick knowledge
I'm a get a vest too lets be honest
I seen death in the hood

but these aint keepin it real like a real nigga should
watch a real nigga do it

put about a ounce a soda on top a the yola
let the white run with it if they pull me over
i speed 'till I blow the motor
this dat dro niggas know the odor

28 grams, better keep flippin
9 o's for the chicken
when I cook up not one missin'
uh oh! I'm on a mission
told these ho's but they didnt listen

ten-a-key timepiece time is tickin
I know I told yall that I was quittin
Little Jimmy tell em I was kiddin'Never Lookin' Back when I get me a bird
Never Lookin' Back when I get me a bird
Never Lookin' Back when I get me a bird
Never Lookin' Back when I get me a bird
Never Lookin' Back when I get me a bird
Never Lookin' Back when I get me a bird
Never Lookin' Back when I get me a bird
Four and a half but I'm a get that bird
Four and a half but I'm a get that bird
Four and a half but I'm a get that bird
Four and a half but I'm a get that bird
Half a slab and I got that bird
Half a slab and I got that bird

What you gon' do you if you get you a bird?play with my money nigga play with ya life
tryna kill me but ya aint alright
I got so many wanna hate on me
but then look for buck when they tank on E
all this ice they think its free
like I aint come from the D-I-R-T
half a my niggas never gon see the streets
all we say now is R.I.P
far as I see this all I got
my own man nobody don't call the shots
you not nowhere close to the top
fuck how long you been on this block
go nigga run ya'self hot
tryna keep up with me and my drop
thats why its just me and my glock
run up on me and see if I pop
Keep hatin me see if I stop
It's like you the water and i'm the pot
I shake ya harder ya turn to rock
I break ya down and then raid the block
when ya all get through I'm a always do what I got to
homie with or without you
I'm a blow back to back and keep big old stacks
just in case I gotta throw one at you
lets get money
