

Wicked

Texas Hippie Coalition

Well I climbed every mountain, I sailed every sea
I conquer every army still you destroy me
I broken every law, I've committed every sin
I've defied the laws of nature still you make me bend. I cannot comprehend, how you make me bend
I cannot defend 'cause your so damn wicked She's bad, twisted, good god, girl she's wicked
she's bad, twisted, goddamn, bitch is wicked
she's bad, twisted, good god, girl she's wicked
yes and I've been said to burn the witch
burn the witch, witch, burn the witch
I have crumbled kingdoms brought the leaders to their knees
I have cast out demons still you possess me
I have brought down empires, I have seen the nations end
I'm a force of nature still you command my will I cannot comprehend, how you make me bend
I cannot defend 'cause your so damn wicked She's bad, twisted, good god, girl she's wicked
she's bad, twisted, goddamn, bitch is wicked
she's bad, twisted, good god, girl she's wicked
yes and I've been said to burn the witch
burn the witch, witch, burn the witch You can say whatever you like in your defense
but it will fall on deaf ears, cause I'm just here
to burn the witch
She's bad, twisted, good god, girl she's wicked
she's bad, twisted, goddamn, bitch is wicked
she's bad, twisted, good god, girl she's wicked
yes and I've been said to burn the witch
burn the witch, witch, burn the witch
