

# Roll With It

Corey Christiansen

If you ever feel  
Like no one cares  
When you try your best  
But you get nowhere  
Don't give in  
'cause the time will come again  
When they criticize  
Every move you make  
And you've had as much  
As you're gonna take  
Don't you worry  
Soon enough things will change, ooh

Bridge

And when it seems as though  
Nobody understands a man (understands)  
Don't let your head hang down  
You wanna just stick to the plan

Chorus

Roll with it  
That's what you gotta do  
Roll with it yeah, yeah  
Roll with it oh yeah  
You've got to roll with it  
That's what you gotta do  
Roll with it  
Just roll, roll, roll with it  
Roll with it  
You've got to roll with it  
Just roll with it  
Everything will be fine  
Just roll with it  
It's gonna be alright  
Just roll with it  
Don't put yourself down  
Just roll with it  
If you just can't find  
Someone to trust  
When you give your heart  
But you don't get much

Don't you worry  
The time is gonna come, ooh  
The world's a school  
So much to learn  
So learn it well

The world's a stage  
So act the fool  
No woman understands  
You've got to  
Chorus  
Just roll with it  
Roll

Everybody just roll with it  
Just roll with it  
Come on now  
Just roll with it  
That's what you gotta do  
Just roll with it  
Backstreet says  
Roll with it  
Come on y'all  
Roll with it

Bridge  
All the fellas roll  
Roll with it  
All the ladies roll  
Roll with it  
Everybody roll

You've got to roll with it  
Just roll  
Roll with it  
Just roll with it  
You've got to roll with it  
You've got to  
Roll

Everybody  
Anybody  
Everybody roll with it  
Everybody  
Anybody  
Everybody roll  
Nobody But You  
Somebody tell 'cause I  
Can't eat or sleep

When you're not close  
To my body you're a  
Bittersweet delight  
Come and help me through the night
