

Ian Curtis Wishlist

Xiu Xiu

Someday J.S.
When you tell me everything
It will make me want to take it too far
And when you ask me everything
I will take it too far
The twenty-hundred private loops making up my
Ahh!

Ian Curtis, I can't believe I said it, wishlist
Via heave and via gasp
Will seem like and will actually be
Just wicked stupid pride
Oh, what will happen
Oh, what will happen
Will you ever bleep out
Do you love me Jamie Stewart?
J.S., I am kidding
I'm just kidding
