

# Butchered Mutilation (Bonus Track, 1993)

## Mortification

Centurion ponders thoughts of  
How much can a man take before  
Vitals fading blood is draining  
Soul leaves body for eternity - eternity...Victims life must remain, canvas of living gore he'll become  
Haemorrhage, lacerations start, soon his body will be torn apart  
Blood gushes forth from his back, arteries, ligaments, veins hacked out  
Muscle tissue, tendons now exposed, a mangled mess never to decomposeFlesh is hanging, red and dripping  
On splattered praetorium floor  
Capillaries spurting fresh blood  
Lashes flying unrelenting...Butchered mutilation  
Butchered mutilation  
Butchered mutilation  
Butchered mutilation  
A strong stomach is required for this torture  
Repulsive sight you must behold no longer human  
Standing naked, humiliated, mutilated  
Death forbidden til final act, crucifixion[Solo]Trapezius clearly showing through a mangled mess of tissue  
Latisimus dorsi bleeding infraspinatis veins ripped outButchered mutilation - flesh is hanging red and dripping  
Butchered mutilation - lashes still fly unrelenting[Narration]  
No posterior support remains, all muscle of the back gone  
Scapula, ribs and spine are left to protect vital organs  
Resembling a dissection, from a medical laboratory  
Lungs, digestive system visible, anatomical destructionButchered mutilation  
Capillaries spurting fresh blood  
Butchered mutilation  
On splattered praetorium floor  
This carnage could not have happened  
However it really took place  
2000 years ago is when  
God descended to become aButchered mutilation  
Hanging on a gore splattered cross  
Butchered mutilation  
Salvation, justification
