

# Can't Get Enough

El Debarge

Can't get enough baby  
Can't get enough of your love sweet darlin'  
Oh baby  
Last night was incredible  
You showed me things  
That I've never, ever seen  
I swear, it's unforgettable  
Girl, I can't believe the freaky things you did with me  
Lord knows how well you danced into my heart  
You know, you didn't miss a beat with me  
I swear, I swear I didn't think you'd go so far  
But, oh no, I was wrong  
You did everything, and I swear I  
Can't get enough, enough of your love  
Can't get enough of it  
God knows how much I love it  
Can't get enough, enough of your love  
I just can't, can't get enough of it, of your love

Last night was so sensual baby  
You gave me love  
Like I've never ever dreamed  
I swear it was unusual  
Girl, you showed me special things no man has ever ever seen  
God knows I never felt this good baby  
You knew just what to do, just how to please  
I swear, I swear I didn't think I'd get so hard  
But oh no, I was wrong  
Girl it's what you do to me, and I can't  
[Hook] Please, please, please come over here  
And let me taste your sweet love again  
'cause I never knew a girl  
Who could make me feel so good  
Now I know I gotta have it  
All the time  
[Hook x3]
