Dance Forever

Kyven

Baby, get up
Open your eyes now, the world's waking up
You realize we'll walk to the beat so suddenly
While we make believe that this will last forever
We won't sleep 'til 3 in the morning
This song speaks, and it's singing the real thing
It feels like we're living a dream
But tonight we're gonna make this one right
We'll set the stage and let the records play on a Saturday
And we can dance forever
We'll burn the light that makes the city sway
When we set the stage, we can dance forever
Forever, forever, forever
Forever, forever, forever, forever
And we can dance forever
We're crazy enough to feel alive now
You've got the stuff when we arrive
We'll walk to the beat so suddenly
And then you tell me that we could stay together
We won't sleep 'til 3 in the morning
This song speaks, and it's singing the real thing
It feels like we're living a dream
But tonight we're gonna make this one right
We'll set the stage and let the records play on a Saturday
And we can dance forever
We'll burn the light that makes the city sway
When we set the stage, we can dance forever
Forever, forever, forever
And we can dance forever
Forever, forever, forever
Turn around, just move it
With your feet on the ground, you'll prove it
When you hear the sound, we'll both lose it
Then we'll make the rounds to dance forever
And when the music stops and we can't wait
For another day, but we'll just dance forever
We'll hold on tight and think of Saturdays
If you say my name, then we can dance forever
We'll set the stage and let the records play on a Saturday

And we can dance forever
We'll burn the light that makes the city sway
When we set the stage, we can dance forever
Forever, forever, forever
We can dance forever
Forever, forever, forever
