

# Regarding Steven

## Blues Traveler

Well, I've guessed your name and I'm sure you know mine  
I'd like to discuss our mutual friend  
I can't help but feel that I left him behind  
Does he still stay with you or did his pain ever end?  
I guess, I don't deserve to know if he ever let go  
I guess, I don't really need to see If he wound up with you or did he ever break free  
We were both young, took us in  
And taught us to play survival games  
He'd lost so much that you let him win But I had a home so it just wasn't the same  
I had the strength to look you in the eye and say goodbye  
I was lucky and I didn't have to play  
Does he still stay with you or did he get away I used what I had and I escaped  
I smelled something good and I followed it's track  
But all he could smell was the world that you shaped  
It took all my strength so I just couldn't look back I remember him calling after me  
I keep that memory, the last thing he screamed aloud  
Was hey, don't you leave me alone  
Yeah, he might live with you but he called me his home  
Yeah, I guessed your name and someday so will he 'Cause one of these nights he's gonna break free  
'Cause one of these nights he's gonna break free  
'Cause one of these nights he's gonna break
