Slide down the pole, she's a super ho

You niggas know how this s'posed to go

You wan' test me? Don't test me
Look, lover boy what're you trippin' for?
Niggas don't even want your ho
My nigga Ill fresh out the pen
You gonna make him go back again
Them bottles coming, we turnt up
Them sparks burnin' now watch us shine
You do this shit once a year
We do this shit all the time
Now captain come and save her
Get her from around this paper
She'll never be the same
I mean like everything will change
She cute blow a little cheese on her
Get her ass shots, throw D's on her
